ROCKBORNE CONTACT

STANDARD TERMS

Where Rockborne introduces any candidate for an assignment or employment (either by e-mail, phone, mail or directly) then the introductions shall be subject to our Standard Terms of Business, or if applicable terms which have been agreed specifically with your company for the provision of these services. A copy of the Standard Terms of Business applicable are attached or will be made available on request

PROFILE

Abdul-Hafiz is a motivated, dedicated individual who is skilled in the interpretation of data, utilising his curiosity and critical thinking skills to deliver unique and robust insights. Abdul has demonstrated this throughout his tenure at Rockborne by successfully managing stakeholder projects and meeting strict deadlines. With great experience in programming languages and data visualisation tools, including SQL, Python, Excel, and Tableau, Abdul's analytical approach and ability to effectively communicate with experts make him an excellent addition to your team.
